## •VISION

To create opportunities for socially, economically backward rural students to become able engineers and technocrats through continual excellence in engineering education.

## MISSION

Our mission is to create self disciplined, mentally and morally strong robust engineers and technocrats with high degree of integrity ,who are capable to meet challenges of ever advancing technology for the benefit of mankind and nature.

We, the management, the faculty and staff, therefore promise to strive hard and commit ourselves to achieve this objective through a continuous process of learning and appreciation of needs of time.

# Dept. of Civil Engineering:

As the technological revolution continues, the world's population increases, and environmental concerns mount, Civil Engineering skills are needed throughout the world. Whatever area one chooses, i.e. design, construction, research, planning, teaching or management, Civil Engineering offers a wide range of career choices. Keeping this in view, a Course in Civil Engineering was started by VNEC, Shorapur in year 2010 with an intake of 60 students. The students are encouraged to participate technical competitions, quiz and paper presentations, workshops, seminars and conferences etc. The Department has started of post-graduate course in Structural engineering. The other objectives are to make the Department an effective R & D Centre as well as Centre for Industrial Consultancy services.

## Dept. of Computer Science & Engineering:

The Computer Science and Engineering department is one of the pioneering departments at VNEC. The department was established in 2010. The department is progressing dynamically in all academic and research areas. The objective is to educate, train and develop world class research and IT professionals with a mastery of not only hardware and software skills but also soft skills for professional success. The department is regularly conducting FDP, workshops, Seminars and technical programs for faculty and students.

## 2018-19 Results Analysis Details:

# Dept. of Electrical & Electronics Engineering:

The department of Electrical and Electronics Engineering was started in the year 2010 with a sanctioned intake of 60 students. The major thrust in this course is related to the basic principles and detailed analysis of different types of equipment and systems for generation transmission, distribution and utilization of electrical energy.

The Laboratories are well equipped not only to cater to the needs of carrying out experiments in various subjects but also to carry out research work. The department regularly organizes industrial visits, Technical lectures by experts from industries and institutes in contemporary areas to bridge the gap between syllabi and current developments.

## Dept. MBA:

Having successfully launched its engineering programs in 2010, VNEC established its MBA program in 2011, affiliated to Visvesvaraya Technological University and approved by AICTE. The program became a notable success within a short span of time. Today, VNEC's MBA program stands out amidst other MBA programs in quality of faculty, learning environment, academic life and infrastructure and placement results.
